

PROPOSAL FOR PE PREMIUM ALLOCATION SPENDING 2018-2019

In July 2017, the Government announced further funding for all schools to bring about measurable and sustained improvement for physical education (PE) and sport. This is a ring-fenced lump sum for schools amounting to approximately £19800 this year in our school. The funding will be used to ensure all pupils leave primary school physically literate and with knowledge, skills and motivation to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

In order to achieve this, we will be:

- Procuring quality-assured professional training for staff to raise their confidence and competence in teaching PE and sport and allow for some release opportunities to develop staff being able to observe the teaching of PE.
- Employing coaches to provide after school and lunchtime sport opportunities to broaden the range of activities for all pupils.
- Subsidising transport and pool costs to provide swimming lessons (Year 3 pupils and those in Y6 who are not yet able to swim 25m), aimed at ensuring opportunities for non-swimmers are provided.
- Buying into existing local sports networks such as school sport partnerships or community sports coaching initiatives
- Providing Fit for purpose/ up to date equipment and an outdoor play and adventure area to promote active lifestyles during breaks.
- ‘Nurture Support’ provide mental well-being to the most vulnerable, and those who often miss out due to lack of PE kit.

PE PREMIUM 2018-2019			
	COST	ACTIVITY	IMPACT
PE.1	£8,060	Trained coaches to deliver quality after school clubs x 4 a week	Increased pupil participation in school to school, and national competitions. Enabling the school to buy into school sport partnerships. Increased participation to compete growing their interest in sport.
	£500	Transport, staff costs and participation fees for competitions	Providing places and opportunities for children in after school activities.
PE.2	£4,000	Trained coaches to deliver high quality training for teaching staff.	Improved quality of teaching and children’s experiences following training for staff based on an audit of skills. Increased levels of confidence for teaching staff. Raised profile of PE across the school. New activities to engage and motivate all pupils.
	£1000 – HLTA cost	Release time for PE co-ordinator.	Coherent PE plans will mean teachers can teach better quality lessons and the children will build on their PE skills week on week and year and year, as well as offering support for teachers with low

			confidence. Attendance at range of sporting activities.
PE.3	£3,000 £1,000	Resources to improve: Playtrail PE equipment Lunchtime Equipment	All children are encouraged to engage in moderate physical activity. Provision of opportunities for adventurous activities. Opportunities to engage least active pupils in sport. Increased level of difficulty for pupils in gym session. Broad range of activity to engage and enthuse all pupils.
PE.4	£2,000	Swimming lessons for designated year groups and non-swimmers. 10 week session	Increased pupils' confidence levels in the water. Basic swimming awards scheme delivered.
PE.5	£500	Spare PE kit for every year group	Support those unable to provide appropriate kit, and ensuring that all children can access the PE provision in the school
	Total Government Sports Funding = £19,800 Additional funding from school = £260 Total spend = £20,060		

Impact of Sport Funding spending plan:

After school / Lunchtime sporting activities - Clubs offered this year included archery, football, basketball, cricket, fencing, tennis and tag rugby. Premier Sport is now offering lunchtime clubs on the days they provide PE lessons increasing overall participation for all ages and genders. The school has competed in football matches, Tag Rugby tournaments and Sports Hall Athletics and this has enabled the children to participate against other local schools ensuring the school's participation in the local sports network. PE Lead standards report shows that there had been a 344% increase in club attendance over this year with 66% of places filled.

Training and Staff Development - Training has been provided for all staff (focus of skills and progression from Premier Sports), to enable the staff to provide high quality provision in PE . In addition to this, staff attended afternoon sessions run by the coaches to observe and learn from their area of expertise. All staff have completed a feedback form with 100% reporting that the training provided this year was useful. The result of this is an improvement of the quality of PE provision and raising the profile of the subject area.

Leader's Development – The PE Leader, Helen Williams, has been given 5 days of release time over this year to attend training, monitor and liaise with the Premier Sport Coaches and evaluate PE in this school. The impact of this is that we enter next year with a clear and informed picture of next steps for improvement.

Resources – Resources purchased have enabled more than one class to access the curriculum at the same time meaning that the quality and quantity of provision can be improved. It has also lead to improved lesson content as staff have the tools that are needed for a full PE curriculum.

Swimming – Two groups have completed sessions at the Mountbatten Centre – Target children in Year 6 (those unable to swim 25m unaided) and all children in Year 3.
