

Year 6 Homework

Friday 10th January 2020

Living on the Edge

In our Living on the Edge topic, we are learning about natural disasters. We would like you to research one famous earthquake, volcano or tsunami (please ensure it is different to the one you are focusing on in school).

You may wish to:

- Label a map
- Write a newspaper report
- Investigate the impact on the city or country
- Draw a diagram of how the natural disaster has occurred.
- Find photographs of the event and label what is happening.
- Create a timeline of the events of the disaster.
- Create a model of a natural disaster

As this is an **extended project**, we **expect a variety of activities** to be done ready to present to the class. If you need any paper or resources, please ask your class teacher.

You will need to record the work that you do on paper or, if it is digital, e-mail it to your teacher:

nbellamy@langstone-jun.portsmouth.sch.uk

dshaw@langstone-jun.portsmouth.sch.uk

gmorton@langstone-jun.portsmouth.sch.uk

lknight@langstone-jun.portsmouth.sch.uk

(Remember: Year 6 expectations – **well-presented work** with **legible, joined handwriting!**)

Half-way check-up date: Friday 31st January 2020

Your homework is due on: Friday 28th February 2020
